AND REVIEW COMMISSION**

)	
v.)	DECISION AND ORDER
)	REVERSING THE DECISION OF
DOUGLAS COUNTY BOARD OF)	THE DOUGLAS COUNTY BOARD OF
EQUALIZATION,)	EQUALIZATION
)	
Appellee.)	

The above-captioned case was called for a hearing on the merits of an appeal by Frederick W. Kratzke ("the Taxpayer") to the Tax Equalization and Review Commission ("the Commission"). The hearing was held in the Commission's Hearing Room on the sixth floor of the Nebraska State Office Building in the City of Lincoln, Lancaster County, Nebraska, on January 28, 2010, pursuant to an Order for Hearing and Notice of Hearing issued November 30, 2009. Commissioners Warnes and Salmon were present. Commissioner Warnes was the presiding hearing officer. Commissioner Hotz was excused from participation by the presiding hearing officer. Commissioner Wickersham was absent. The appeal was heard by a quorum of a panel of the Commission.

Frederick W. Kratzke was present at the hearing. No one appeared as legal counsel for the Taxpayer.

Thomas S. Barrett, a Deputy County Attorney for Douglas County, Nebraska, was present as legal counsel for the Douglas County Board of Equalization ("the County Board").

The Commission took statutory notice, received exhibits, and heard testimony.

The Commission is required to state its final decision and order concerning an appeal, with findings of fact and conclusions of law, on the record or in writing. Neb. Rev. Stat. §77-

5018 (Cum. Supp. 2008). The final decision and order of the Commission in this case is as follows.

**I.
ISSUES**

The Taxpayer has asserted that actual value of the subject property as of January 1, 2008, is less than actual value as determined by the County Board. The issues on appeal related to that assertion are:

Whether the decision of the County Board, determining actual value of the subject property, is unreasonable or arbitrary; and

The actual value of the subject property on January 1, 2008.

The Taxpayer has asserted that taxable value of the subject property as of January 1, 2008, is not equalized with the taxable value of other real property. The issues on appeal related to that assertion are:

Whether the decision of the County Board, determining the equalized taxable value of the subject property, is unreasonable or arbitrary;

Whether the equalized taxable value of the subject property was determined by the County Board in a manner and an amount that is uniform and proportionate as required by Nebraska's Constitution in Article VIII §1; and

The equalized taxable value of the subject property on January 1, 2008.

**II.
FINDINGS OF FACT**

The Commission finds and determines that:

1. The Taxpayer has a sufficient interest in the outcome of the above captioned appeal to maintain the appeal.
2. The parcel of real property to which this appeal pertains ("the Subject Property") is described in the table below.
3. Actual value of the subject property placed on the assessment roll as of January 1, 2008, ("the assessment date") by the Douglas County Assessor, value as proposed in a timely protest, and actual value as determined by the County Board is shown in the following table:

4. An appeal of the County Board's decision was filed with the Commission.
5. The County Board was served with a Notice in Lieu of Summons and duly answered that Notice.
6. An Order for Hearing and Notice of Hearing issued on November 30, 2009, set a hearing of the appeal for January 28, 2010, at 11:00 a.m. CST.
7. An Affidavit of Service, which appears in the records of the Commission, establishes that a copy of the Order for Hearing and Notice of Hearing was served on all parties.
8. Actual value of the subject property as of the assessment date for the tax year 2008 is:

Total value	<u>\$261,000.00.</u>

**III.
APPLICABLE LAW**

1. Subject matter jurisdiction of the Commission in this appeal is over all questions necessary to determine taxable value. Neb. Rev. Stat. §77-5016(7) (Cum. Supp. 2008).
2. “Actual value is the most probable price expressed in terms of money that a property will bring if exposed for sale in the open market, or in an arm’s length transaction, between a willing buyer and a willing seller, both of whom are knowledgeable concerning all the uses to which the real property is adapted and for which the real property is capable of being used. In analyzing the uses and restrictions applicable to real property the analysis shall include a full description of the physical characteristics of the real property and an identification of the property rights valued.” Neb. Rev. Stat. §77-112 (Reissue 2003).
3. Actual value may be determined using professionally accepted mass appraisal methods, including, but not limited to, the (1) sales comparison approach using the guidelines in section 77-1371, (2) income approach, and (3) cost approach. Neb. Rev. Stat. §77-112 (Reissue 2003).
4. “Actual value, market value, and fair market value mean exactly the same thing.” *Omaha Country Club v. Douglas County Board of Equalization, et al.*, 11 Neb.App. 171, 180, 645 N.W.2d 821, 829 (2002).

5. Taxable value is the percentage of actual value subject to taxation as directed by section 77-201 of Nebraska Statutes and has the same meaning as assessed value. Neb. Rev. Stat. §77-131 (Reissue 2003).
6. All taxable real property, with the exception of agricultural land and horticultural land, shall be valued at actual value for purposes of taxation. Neb. Rev. Stat. §77-201(1) (Cum. Supp. 2008).
7. "Taxes shall be levied by valuation uniformly and proportionately upon all real property and franchises as defined by the Legislature except as otherwise provided in or permitted by this Constitution." *Neb. Const.*, Art. VIII, §1.
8. Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991).
9. The purpose of equalization of assessments is to bring the assessment of different parts of a taxing district to the same relative standard, so that no one of the parts may be compelled to pay a disproportionate part of the tax. *MAPCO Ammonia Pipeline v. State Bd. of Equal.*, 238 Neb. 565, 471 N.W.2d 734 (1991); *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623 (1999).
10. Equalization to obtain proportionate valuation requires a comparison of the ratio of assessed to actual value for the subject property and comparable property. See *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597 N.W.2d 623 (1999).
11. Uniformity requires that whatever methods are used to determine actual or taxable value for various classifications of real property that the results be correlated to show

- uniformity. *Banner County v. State Board of Equalization*, 226 Neb. 236, 411 N.W.2d 35 (1987).
12. Taxpayers are entitled to have their property assessed uniformly and proportionately, even though the result may be that it is assessed at less than the actual value. *Equitable Life v. Lincoln County Bd. of Equal.*, 229 Neb. 60, 425 N.W.2d 320 (1988); *Fremont Plaza v. Dodge County Bd. of Equal.*, 225 Neb. 303, 405 N.W.2d 555 (1987).
 13. The constitutional requirement of uniformity in taxation extends to both rate and valuation. *First Nat. Bank & Trust Co. v. County of Lancaster*, 177 Neb. 390, 128 N.W.2d 820 (1964).
 14. In the evaluation of real property for tax purposes, where buildings and improvements are taxable as a part of the real estate, the critical issue is the actual value of the entire property, not the proportion of that value which is allocated to the land or to the buildings and improvements by the appraiser. *Bumgarner v. Valley County*, 208 Neb. 361, 303 N.W.2d 307 (1981).
 15. If taxable values are to be equalized it is necessary for a Taxpayer to establish by clear and convincing evidence that valuation placed on his or her property when compared with valuations placed on similar property is grossly excessive and is the result of systematic will or failure of a plain legal duty, and not mere error of judgement. There must be something more, something which in effect amounts to an intentional violation of the essential principle of practical uniformity. *Newman v. County of Dawson*, 167 Neb. 666, 94 N.W.2d 47 (1959).

16. A presumption exists that the County Board has faithfully performed its duties and has acted on competent evidence. *City of York v. York County Bd. Of Equalization*, 266 Neb. 297, 64 N.W.2d 445 (2003).
17. The presumption in favor of the county board may be classified as a principle of procedure involving the burden of proof, namely, a taxpayer has the burden to prove that action by a board of equalization fixing or determining valuation of real estate for tax purposes is unauthorized by or contrary to constitutional or statutory provisions governing taxation. *Gordman Properties Company v. Board of Equalization of Hall County*, 225 Neb. 169, 403 N.W.2d 366 (1987).
18. The presumption disappears if there is competent evidence to the contrary. *Id.*
19. The order, decision, determination, or action appealed from shall be affirmed unless evidence is adduced establishing that the order, decision, determination, or action was unreasonable or arbitrary. Neb. Rev. Stat. §77-5016 (8) (Cum. Supp. 2006).
20. Proof that the order, decision, determination, or action appealed from was unreasonable or arbitrary must be made by clear and convincing evidence. See, e.g., *Omaha Country Club v. Douglas Cty. Bd. of Equal.*, 11 Neb.App. 171, 645 N.W.2d 821 (2002).
21. "Clear and convincing evidence means and is that amount of evidence which produces in the trier of fact a firm belief or conviction about the existence of a fact to be proved." *Castellano v. Bitkower*, 216 Neb. 806, 812, 346 N.W.2d 249, 253 (1984).
22. A decision is "arbitrary" when it is made in disregard of the facts and circumstances and without some basis which could lead a reasonable person to the same conclusion. *Phelps Cty. Bd. of Equal. v. Graf*, 258 Neb 810, 606 N.W.2d 736 (2000).

23. A decision is unreasonable only if the evidence presented leaves no room for differences of opinion among reasonable minds. *Pittman v. Sarpy Cty. Bd. of Equal.*, 258 Neb 390, 603 N.W.2d 447 (1999).
24. “An owner who is familiar with his property and knows its worth is permitted to testify as to its value.” *U. S. Ecology v. Boyd County Bd. Of Equalization*, 256 Neb. 7, 16, 588 N.W.2d 575, 581 (1999).
25. The County Board need not put on any evidence to support its valuation of the property at issue unless the taxpayer establishes the Board's valuation was unreasonable or arbitrary. *Bottorf v. Clay County Bd. of Equalization*, 7 Neb.App. 162, 580 N.W.2d 561 (1998).
26. A Taxpayer, who only produced evidence that was aimed at discrediting valuation methods utilized by the county assessor, failed to meet burden of proving that value of property was not fairly and proportionately equalized or that valuation placed upon property for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).
27. A Taxpayer must introduce competent evidence of actual value of the subject property in order to successfully claim that the subject property is overvalued. Cf. *Lincoln Tel. and Tel. Co. v. County Bd. Of Equalization of York County*, 209 Neb. 465, 308 N.W.2d 515 (1981); *Arenson v. Cedar County*, 212 Neb. 62, 321 N.W.2d 427 (1982) (determination of equalized taxable value) *Josten-Wilbert Vault Co. v. Board of Equalization for Buffalo County*, 179 Neb. 415, 138 N.W.2d 641 (1965) (determination of actual value).

IV. ANALYSIS

The subject property is an improved residential parcel with a 2,907 square foot 1 ½ story house built in 1990. (E3:1). The house is rated as very good for quality and good for condition. (E3:1).

The Taxpayer has asserted that actual value of the subject property as of January 1, 2008, is less than actual value as determined by the County Board. Similarly, the Taxpayer has asserted that taxable value of the subject property as of January 1, 2008, is not equalized with the taxable value of other real property. The Taxpayer did not provide any sales of comparable parcels to the subject property, but instead relied for his evidence the County's three comparable parcels offered by the County. (E2:5). His testimony was that the County's alleged comparable parcels were all located near to the subject property.

“Equalization is the process of ensuring that all taxable property is placed on the assessment rolls at a uniform percentage of its actual value. The purpose of equalization of assessments is to bring assessments from different parts of the taxing district to the same relative standard, so that no one part is compelled to pay a disproportionate share of the tax. Where it is impossible to secure both the standards of the true value of a property for taxation and the uniformity and equality required by law, the latter requirement is to be preferred as the just and ultimate purpose of the law. If a taxpayer's property is assessed in excess of the value at which others are taxed, then the taxpayer has a right to relief. However, the burden is on the taxpayer to show by clear and convincing evidence that the valuation placed upon the taxpayer's property

when compared with valuation placed on other similar property is grossly excessive.” *Cabela's Inc. v. Cheyenne County Bd. of Equalization*, 8 Neb.App. 582, 597, 597 N.W.2d 623, 635 (1999).

“Comparing assessed values of other properties with the subject property to determine actual value has the same inherent weakness as comparing sales of other properties with the subject property. The properties must be truly comparable.” *DeBruce Grain, Inc. v. Otoe County Bd. of Equalization*, 7 Neb. App. 688, 697, 584 N.W.2d 837, 843 (1998).

“Comparable properties” share similar quality, architectural attractiveness (style), age, size, amenities, functional utility, and physical condition. *Property Assessment Valuation*, 2nd Ed., International Association of Assessing Officers, 1996, 98.

When using “comparables” to determine value, similarities and differences between the subject property and the comparables must be recognized. *Property Assessment Valuation*, 2nd Ed., 1996, 103. Most adjustments are for physical characteristics. *Property Assessment Valuation*, 2nd Ed., 1996, 105. “Financing terms, market conditions, location, and physical characteristics are items that must be considered when making adjustments . . .” *Property Assessment Valuation*, 2nd Ed., 1996, 98.

The Commission notes that the County's three alleged comparable parcels shown on Exhibit 2 page 5 have not been adjusted despite the fact that the alleged comparables have differences in physical characteristics, quality and condition. The Commission finds that the County's alleged comparable parcels are not comparable to the subject property without adjustments for differences. An example of these differences can be seen from the table shown on Exhibit 2 page 5 where the Commission notes that the subject property does not have any finished basement; however each of the County's alleged comparables have a finished basement

of varying sizes. (E2:5) Similarly, each of the County's alleged comparable parcels have a larger garage. (E2:5). Each of the County's alleged comparable parcels are of a 2 story style while the subject property is 1 ½ story in design. (E2:5). The recited differences are only some of those noted by the Commission. The Taxpayer testified that he had not been inside any of the County's alleged comparable parcels once they had been built.

The Commission finds that the County has not relied solely on the three comparables by themselves to determine a taxable valuation of the subject property. Rather, the County has valued the subject property using a method of valuation as shown on the screen shot shown on Exhibit 4 page 4.

The Taxpayer testified that his opinion of taxable valuation of the subject property for 2008 was \$210,000. The subject property was inspected on June 5, 2009 and several adjustments were noted. The County stipulated that the County had a new opinion of valuation for 2008 - \$261,000 based on the inspection. (E2:3). The Taxpayer testified that his basis for this opinion was that the assessed valuation by the County, \$261,000, should be reduced because the valuations of other parcels in the neighborhood were less than the subject property and they were a negative factor which "pulled down" its valuation. The Commission finds that this approach to valuing property is not an accepted valuation approach.

The Commission finds that the valuation placed upon the taxpayer's property when compared with valuation placed on other similar property is not grossly excessive. In addition, the Commission finds that any discrepancy was not the result of systematic will or failure of a plain legal duty. *Newman v. County of Dawson*, 167 Neb. 666, 94 N.W.2d 47 (1959).

A taxpayer who offers no evidence that the subject property is valued in excess of its actual value and who only produces evidence that is aimed at discrediting the valuation methods utilized by county assessor fails to meet his or her burden of proving that the value of the property was not fairly and proportionately equalized or that valuation placed upon the property for tax purposes was unreasonable or arbitrary. *Beynon v. Board of Equalization of Lancaster County*, 213 Neb. 488, 329 N.W.2d 857 (1983).

"There is a presumption that a board of equalization has faithfully performed its official duties in making an assessment and has acted upon sufficient competent evidence to justify its action. That presumption remains until there is competent evidence to the contrary presented, and the presumption disappears when there is competent evidence adduced on appeal to the contrary. From that point forward, the reasonableness of the valuation fixed by the board of equalization becomes one of fact based upon all the evidence presented. The burden of showing such valuation to be unreasonable rests upon the taxpayer on appeal from the action of the board." *DeBruce Grain, Inc. v. Otoe County Bd. of Equalization*, 7 Neb.App. 688, 696, 584 N.W.2d 837, 842 - 843 (1998).

The Commission finds that the Taxpayer has rebutted the presumption that the County Board of Equalization faithfully performed its duties and had sufficient competent evidence for its decision both as to its decision as to valuation and equalization. The Commission has reviewed all of the evidence presented and further finds that the Taxpayer has shown by clear and convincing evidence that the County Board's decision was either arbitrary or unreasonable and has not shown by the reasonableness of the evidence a new valuation. The Commission's finding rests with the County's new opinion of value, \$261,000, offered during this appeal hearing. The

appeal of the Taxpayer is granted to the extent that the taxable value of the subject property for 2008 is \$261,000.
